Responsibilities in Matters of Financial Statements

The Directors are responsible for preparing the Annual Report and financial statements in accordance with applicable laws and regulations.

Company law requires the Directors to prepare financial statements for each financial year, which present fairly the financial position, financial performance, changes in equity and cash flows of the Company. In preparing those financial statements, the Directors are required to:

- Keep adequate accounting records;
- Select suitable accounting policies and estimates and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- Comply with the provisions of the Companies Act 2001, Financial Reporting Act 2004 and the IFRS Accounting Standards as issued by the International Accounting Standards Board, and explain any material departure thereto;
- Prepare the financial statements on a going concern basis unless it is inappropriate to presume that the Company will continue in business; and
- Ensure application of the Code of Corporate Governance and provide reasons in case of non-compliance.

The Directors confirm that they have complied with the above requirements in preparing the financial statements. They also confirm that most of the requirements of the National Code of Corporate Governance 2016 have been adhered to. Reasons have been provided where there has not been compliance. The Directors are responsible for safeguarding the assets of the Company, and hence for the implementation and operation of accounting and internal control systems that are designed to prevent and detect fraud and errors, and maintenance of an effective risk management system.

Approved by the Board of Directors on **26 SEP 2025** and signed on its behalf by

Director

Director

Principle 1 : Governance Structure 3

1.1 Company Information

Stevenhills Ltd (“the Company or SHL”) is a Public Listed Company incorporated in Mauritius on the 4 April 2006 and is a Public Interest Entity as defined by law. The Company specializes in football betting across European, African, Asian, and global markets. Known for its large odds selection, fast service, and secure payouts, it has become one of the most reputable betting companies in Mauritius. Disclosures included in this report are in line with the prevailing National Code of Corporate Governance for Mauritius (2016) (the ‘Code’).

1.2 Company’s philosophy

The Company is committed to the conduct of business practices that display characteristics of good corporate governance, namely business integrity, transparency, independence, accountability, fairness and professionalism in all its activities and ensures that its organisation and operations are managed ethically and responsibly to enhance business value for its shareholders and other stakeholders.

1.3 Corporate Governance Compliance statement

During the financial year ended 30 June 2025, the Board of Directors of SHL has applied the eight principles of the Code. The directors firmly believe in and support high standards of corporate governance, which are critical to the Company’s business integrity.

The Board of Directors reviewed and approved the Board Charter and the Company’s Code of Ethics. These documents provide a clear definition of roles and responsibilities of the Chairperson, Executive Directors, Independent-Non-Executive Directors, the Company Secretary and Senior Management.

1.4 Holding structure

The Shareholding structure of the Company as of 30 June 2025 was as follows:

Principle 1: Governance Structure (continued)

1.5 Organisational Structure and Statement of Accountabilities

Organisational Structure of Stevenhills Ltd

The Directors have approved the following Statement of Accountabilities:

- The Board assumes responsibility for leading and controlling the organisation and meeting all legal and regulatory requirements. Directors are aware of their legal duties.
- The Board is accountable for the performance and affairs of the Company and for achieving sustainable growth.
- The Board is responsible for ensuring that the Company adheres to high standards of ethical behaviour and acts in the best interests of shareholders.

CHAIRPERSON – MAIN ACCOUNTABILITIES

- PROVIDES OVERALL LEADERSHIP TO THE BOARD;
- ENSURES THAT THE BOARD IS EFFECTIVE IN ITS TASKS OF SETTING AND IMPLEMENTING THE COMPANY'S DIRECTION AND STRATEGY;
- PRESIDES AND CONDUCTS MEETINGS EFFECTIVELY;
- PROVIDES SUPPORT AND SUPERVISION TO THE CEO;

- ENSURES COMPLIANCE WITH ALL RELEVANT STATUTORY AND REGULATORY REQUIREMENTS;
- PROVIDES TO THE BOARD AS A WHOLE AND TO THE DIRECTORS INDIVIDUALLY WITH GUIDANCE AS TO THEIR ROLES AND RESPONSIBILITIES;
- ASSISTS THE CHAIRPERSON IN GOVERNANCE PROCESSES
- DEVELOPS AND CIRCULATES AGENDAS FOR MEETINGS AND DRAFTS MINUTES AND ENSURES FOLLOW UPS; AND
- ACTS AS PRIMARY POINT OF CONTACT FOR SHAREHOLDERS.

Principle 2: The Structure of the Board and it's Committees

2.1 Structure of the board

The Board structure of STEVENHILLS LTD is a unitary board. The directors of SHL share responsibility for directing the Company and promoting its affairs collectively and not individually when acting on behalf of the Company.

2.2 Composition of the board

As of 30 June 2025, the Board comprised of three (3) Executive Directors, one (1) Non-Executive Director and one (1) Independent Non-Executive Director. The directors come from diverse business backgrounds and possess the necessary knowledge, skills, objectivity, integrity, experience and commitment to make sound judgements on various key issues relevant to the business of the Company, independent of management.

Post the 30th of June 2025, one (1) additional Independent Non-Executive Director was appointed to the Board of Stevenhills Ltd.

To determine its current size and composition, the Board has considered:

- the size of its operations and its sector of activity.
- the various qualifications and experience of its members; and
- the recommendations of the Code of Corporate Governance for Mauritius.

The Board is satisfied that it is currently of a size and level of diversity that is commensurate with the operations and scale of STEVENHILLS LTD.

2.3 Diversity

The Board comprises of one (1) female director. As per the requirement of the Companies Act 2001, a minimum of 25% female representation is required on the Board, the Board is aware that there should have at least two (2) female directors, and it is actively considering measures to remedy this situation.

2.4 Role and function of the board

The Board is responsible for the stewardship of the Company, overseeing its conduct and affairs to create sustainable value for the benefit of its stakeholders. It acknowledges its responsibility for leading and controlling the Company, ensuring that strategic direction and management structure are in place to meet legal and regulatory requirements. Its principal functions also include the following:

- protecting and enhancing shareholders' value by identifying and monitoring key risks areas and key performance indicators.
- approving such acquisition and disposal of assets as appropriate.
- exercising leadership, enterprise, intellectual honesty, integrity and judgement in directing the Company to achieve sustainable prosperity for the Company; and
- ensuring timely communication with shareholders and other stakeholders.

Principle 2: The Structure of the Board and it's Committees (Continued)

2.5 Residency

Five (5) directors of SHL are Mauritian Residents.

2.6 Role and Function of the Chairperson

The Chairperson has no executive or management responsibilities and acts as the Chairperson of the Board and of Shareholders' meetings and ensured that they ran smoothly.

2.7 Role and Function of the Chief Executive Officer

The CEO is responsible for guiding the implementation of the board strategy and policy with respect to the Company's business. The CEO reports to the board of directors.

2.8 Role of the Non-Executive and Independent Non-Executive Director

The Non-Executive and the Independent Non-Executive Directors played a vital role by providing an independent oversight of the Executive Management through participation in Board meetings and in the committees.

2.9 Role and Function of the Company Secretary

The Company Secretary manages the provision of timely, accurate and considered information to the board and ensures that the board maintains its awareness of the ever-changing corporate governance environment. The Company Secretary attends every Board Meeting and Board Committee Meeting.

2.10 Board Meetings

The Board meets on quarterly basis and at such ad hoc times as may be required. In the year under review, the Board has met four (4) times and has performed its duties and considered matters relevant to the development of the business, strategic orientation, key transactions of relevance to the Company, its position, the risk situation and management as well as reviewed the budget and long-term plans.

All directors receive timely information so that they are equipped to fulfil their duties at Board Meetings.

The CEO and the Senior management are also invited on a regular basis at the Board meetings of the Company. The CEO of the Company is always invited to attend all subcommittee meetings.

The records of proceedings of each Board meetings are recorded by the Company Secretary of the Board.

The minutes of each Board meeting are submitted for confirmation at its next meeting and signed by the Chairperson and the Secretary. All Board members have access to the Company Secretary for any further information they require.

Principle 2: The Structure of the Board and it's Committees (Continued)

2.11 Directors' Attendance at Meetings

The record of attendance at Board meetings is shown in the summary table below:

Names	11/10/2024	10/01/2025	22/04/2025	13/05/2025
Mr. MUHAMMAD CADER Imteaz Bundhoo	✓	✓	✓	✓
Mr. WAN-KAT SIONG Wan You Sew	✓	✓	✓	✓
Mr. JOHN STEVEN WAN TAI SHYAN Wan You Sew	✓	✓	✓	✓
Mr. Tatjien LEE SUI YUEN	✓	✓	✓	✓
Mrs. Vimalah Gengathora Pillay		✓ *	✓ *	✓ *
Mr. Yahia Yusuf Nazroo			✓ *	✓ *

*** Mrs. Vimalah Gengathora Pillay and Mr. Yahia Yusuf Nazroo were in attendance at the meetings of the Board referred to above, prior to their formal appointments as Directors.*

2.12 Board committees

The Board has two standing committees made up of Independent and Non-Executive Directors to assist in the discharge of its duties. The committees, which are set out below, meet regularly under the terms of reference as approved by the Board.

The Board delegates certain roles and responsibilities to its Board committees. Whilst the Board retains overall responsibility, a sub-committee structure allows these committees to probe the subject matters more deeply and gain a greater understanding of the details and then report back to the Board on matters discussed, decision taken, and where appropriate make recommendations to the Board on matters requiring its approval.

The Board is satisfied that the committees are appropriately structured and competent to deal with both the Company's existing and emerging issues, and that they have effectively discharged their responsibilities during the year under review.

The committees, which are set out below, meet regularly under terms of reference set by the Board. The chairperson of each committee has the responsibility to report to the Board regarding all decisions and matters arising at sub-committee meetings. The committees may from time to time seek independent professional advice which is then approved by the Board.

The Terms of Reference of the committees will be reviewed and assessed every two (2) years.

The minutes of each Board Committee meeting are submitted for consideration and approval at the following meeting and are accessible to all members of the Board of Directors.

Principle 2: The Structure of the Board and it's Committees (Continued)

2.13 Corporate Governance Committee

The main duties and responsibilities of the Corporate Governance Committee which also encompasses the Remuneration and Nomination Committee include namely:

- a. determine, agree and develop the Company's general policy on corporate governance in accordance with the applicable Code of Corporate Governance.
- b. prepare the corporate governance report to be published in the Company's Annual Report.
- c. ensure that disclosures are made in the Annual Report in compliance with the disclosure in the Code of Corporate Governance.
- d. determine, agree and develop the company's general policy on executive and senior management remuneration.
- e. determine specific remuneration packages for executive directors of the company, including but not limited to basic salary, benefits in kind, any annual bonuses, performance-based incentives, share incentives, pensions and other benefits.
- f. determining any criteria necessary to measure the performance of executive directors in discharging their functions and responsibilities.
- g. determine the level of non-executive directors and independent non-executive directors' fees to be recommended to the shareholders at the Meeting of Shareholders.
- h. ascertain whether potential new directors are fit and proper and are not disqualified from being directors. Prior to their appointment, their backgrounds are investigated thoroughly.
- i. ensure that the potential new director is fully cognisant of what is expected from a director, in general, and from him or her in particular.
- j. ensure that the right balance of skills, expertise and independence is maintained.
- k. ensure that there is a clearly defined and transparent procedure for shareholders to recommend potential candidates.
- l. ensure that potential candidates are free from material conflicts of interest and are not likely to simply act in the interest of a major shareholder, substantial creditor or significant supplier of the company. This is of particular importance when a candidate has been nominated by virtue of a shareholder's agreement, or other such agreement.
- m. ensure that those directors who, in the opinion of the board, have either acted in accordance with the instructions of a third party or have not discharged their duties as directors to the satisfaction of the board, not be nominated for re-election.

Principle 2: The Structure of the Board and it's Committees (Continued)

Membership of the Committee

Mrs. Vimalah Gengathora Pillay	Independent Non-Executive & Chairperson of the Committee
Mr. Yahia Yusuf Nazroo	Independent Non-Executive
Mr. Muhammad Cader Imteaz Bundhoo	Non-Executive

The Committee did not meet during the financial year ended 30 June 2025. The Board was satisfied that no matters within the Committee's remit required its attention during the year.

2.14 Audit & Risk Committee (ARC)

The main duties and responsibilities of the Audit & Risk Committee are to:

- ensure the integrity of accounting and financial reporting and to review internal control systems and procedures in order to assist the Board of Directors in carrying out its responsibilities;*
- monitor the role and scope of work of internal and external auditors and ensure compliance with legal and regulatory provisions; and*
- conduct or authorise investigations into any matter within its scope of responsibilities and to engage any firm of professionals it deems fit to provide independent expert advice.*

The Committee has full access to all management personnel and can call upon any member of management and staff to attend its meetings.

Membership of the Committee

Mr. Yahia Yusuf Nazroo	Independent Non-Executive & Chairperson of the Committee
Mrs. Vimalah Gengathora Pillay	Independent Non-Executive
Mr. Muhammad Cader Imteaz Bundhoo	Non-Executive

The Committee met one (1) during the financial year, with all members in attendance.

The main matters considered by the Committee included:

- Oversight of the integrity of the financial reporting process, including the review and of the financial statements;
- Internal audit matters; and
- Review of the Anti-Money Laundering and Countering the Financing of Terrorism (AML/CFT) framework of SHL.

Principle 3: Director Appointment Procedure

3.1 Board Induction and Professional Development

The Board was apprised that new Directors should receive a full, formal and tailored induction on joining the Board, including meetings with senior management and visits to the company's operational locations. The Board recognises the importance of ongoing professional development and training to sustain an effective, well informed and functional Board.

3.2 Succession Plan

The Board was apprised on the importance of having a board succession planning and will develop a set of criteria for the selection of prospective directors and key employees to support SHL strategic objectives.

3.3 Nomination Process

The Board recognises the importance of having a formal and transparent process for the nomination and appointment of directors.

The nomination and appointment process of directors is owned by the Corporate and Governance Committee for the Company is as follows:

- A. Identification of Candidates.
- B. Interviews conducted by members of the Corporate Governance Committee.
- C. Board approval of candidate.
- D. Regulatory approval.
- E. Election at Annual/Special Meeting.
- F. Letter of appointment.
- G. Regulatory filing

Principle 4: Director's Duties and Remuneration and performance

4.1 Directors' Duties

All Directors are fully made aware of their fiduciary duties upon their appointment. Moreover, all statutory documents, policies and rules and regulations have been handed over to them.

4.2 Remuneration

4.2.1 Statement of Remuneration Philosophy

In accordance with Stevenhills' constitution, fees are paid to the Directors for holding office.

The underlying philosophy is to set remuneration at appropriate level to attract, retain and motivate high calibre persons. The Directors are remunerated for their knowledge, experience, and insight given to the Board and Committees.

The Board of Directors has approved an annual fee for the Executive and non-executive Directors. They are paid an extra fee as members of Board Committees or as the Chair of Board Committees.

None of the Non-Executive Directors are entitled to remuneration in the form of share options or bonuses associated with the Company's performance.

The table hereunder lays out the fees paid to each individual directors during the year ended 30 June 2025:

4.2.2. Remuneration of Directors

Category	Directors	Company
		Rs
Executive Directors	Wan Kat Siong WAN YOU SEW	17,080,262
	Wan Tai Shyan John Steven WAN YOU SEW	6,005,000
	Tatjien LEE SUI YUEN	1,287,969
Independent and non-Executive Directors	Muhammad Cader Imteaz BUNDHOO	330,000
	Vimalah GENGATHORAH PILLAY	140,000
	Yahia Yusuf NAZROO	55,000

4.3 Board Evaluation

The Board recognises the need to undertake a regular review of the performance as well as the effectiveness of the Board and its Committees. The Board shall consider setting up an evaluation exercise during the financial year ending 30th June 2026 for the evaluation of the Board, the Directors, and the Committees.

Principle 4: Director's Duties and Remuneration and performance (Continued)

4.4 Directors' Interests, Dealings in Securities and Related Party Transactions

The Board, in relation to dealings in the Company's listed securities, complies with the provisions of the Model Code for Securities Transactions ("Model Code") by directors of listed companies, as set out in Appendix 6 of the SEM Listing Rules and in the Companies Act 2001.

The Company Secretary ensures that Directors are duly informed of closed periods and reminded of their obligations under the Model Code.

Stevenhills's Board Charter also sets out policies on Related Party Transactions and Conflicts of Interest. Directors who have an interest in any transaction or proposed transaction with the Company disclose such interest to the Board, and the disclosure is duly recorded in the Interests Register.

As a matter of good governance, the declaration of any conflict of interest is a standing agenda item at each Board meeting. At the start of every meeting, the Chairperson invites Directors to declare any interests, if applicable.

The Company Secretary maintains the Interests Register, ensures it is updated on a regular basis, and makes it available for consultation by shareholders upon written request.

4.5 Information, Information Technology and Information Security Governance

Stevenhills Ltd has an information technology and information security policy and framework in line with ISO 27001:2022. The Audit and Risk Committee and, ultimately, the Board have oversight over the objectives and strategy deployment in terms of information technology and security governance within the company.

For more information on the Company's response to technology risks, please refer to the Integrated Annual Report.

All significant expenditures on information technology are approved by the Board, following recommendations and explanations provided by Management in that respect.

Principle 4: Director's Duties and Remuneration and performance (Continued)

4.6 Directors' share Register

As of 30 June 2025, Directors' interests in shares of Stevenhills carrying voting rights were as follows:

	DIRECT	DIRECT	INDIRECT	INDIRECT
	No. of shares	%	No. of shares	%
Muhammad Cader Imteaz BUNDHOO	-	-	-	-
Vimalah GENGATHORA PILLAY	-	-	-	-
Yahia Yusuf NAZROO	-	-	-	-
Wan Kat Siong WAN YOU SEW	-	-	39,866,445	49%
Wan Tai Shyan John Steven WAN YOU SEW	-	-	14,434,403	18%
Tatjien LEE SUI YUEN	-	-	100	-

Principle 5: Risk Governance and Internal Controls

5.1 Responsibility

The Board of SHL bears ultimate responsibility for maintaining an effective system of internal control and risk management. In discharging this duty, the Board:

- Establishes structures and processes to manage risks;
- Identifies the principal risks and uncertainties affecting the Company;
- Ensures the development and implementation of a risk management framework;
- Oversees systems for monitoring and maintaining robust internal controls; and
- Ensures whistle-blowing rules and procedures are in place.

Principle 5: Risk Governance and Internal Controls (Continued)

5.2 Risk Management

Risk management is embedded within SHL's operations and decision-making through its Enterprise Risk Management (ERM) framework. The framework enables the identification, assessment, and mitigation of risks while supporting compliance, governance, and strategic objectives.

ERM at SHL focuses on both protecting and creating value: mitigating risks that could impair the business while identifying opportunities to drive growth and innovation.

Compliance with legal and regulatory requirements, including information security, financial controls, and responsible gaming, remains central to the Company's approach. Risk awareness is continuously reinforced across all levels of the organisation.

5.3 Risk Governance Framework

Risk governance is integrated within SHL's corporate governance framework with clear lines of accountability:

- Board of Directors: Provides overall risk oversight, approves risk appetite, and reviews key risk exposures.
- Audit & Risk Committee: Oversees risk management, internal controls, audit outcomes, and compliance with financial and regulatory standards, including ISO/IEC 27001:2022.
- Executive Management: Implements policies and ensures risks are identified, assessed, and mitigated across all departments.
- Compliance, Risk & ISMS Team: Coordinates the ERM process, manages the ISO 27001-certified ISMS, monitors emerging risks, and drives risk awareness.
- Internal Audit: Provides independent assurance on the effectiveness of risk controls, governance, and compliance processes.

5.4 Three Lines of Defence

In line with international best practice, SHL applies the "Three Lines of Defence" model:

- First Line – Operational Management: Own and manage risks within their areas and integrate controls into daily operations.
- Second Line – Risk Management & Compliance: Develop risk policies, coordinate assessments, and monitor mitigation efforts.
- Third Line – Internal Audit: Deliver independent assurance on the adequacy and effectiveness of the risk management framework.

Principle 5: Risk Governance and Internal Controls (Continued)

External Audit & Regulators: Provide independent assurance on financial reporting and compliance with laws and regulations, reinforcing accountability and stakeholder confidence.

5.5 Internal Audit

Internal audits were conducted during the year by SHL's Internal Auditor, Mary Wong Sew Kwan. The areas covered were procurement and betting operations.

In line with the Code's recommendations, SHL has resolved to establish Internal Audit as an independent function, strengthening its objectivity and independence.

Principle 6: Reporting with Integrity

6.1 Reporting

The Board of directors is ultimately responsible for the preparation of the financial statements of the Company. These financial statements and accompanying reports are prepared in accordance with IFRS standards.

The policies that govern the operations of the company, which ensure integrity in reporting are as outlined in the sections below:

6.2 HR Performance, Rewards and Benefits Philosophy

Introduction

At Stevenhills, we value our people as our greatest asset, managing performance through merit-based assessments aligned with corporate goals and rewarding them with competitive pay, performance incentives, and comprehensive benefits. Oversight by the Human Resources Department ensures compliance with labour laws, governance codes, and sustainability principles, reinforcing our commitment to responsible corporate governance.

HR Performance, Rewards and Benefits Philosophy

At Stevenhills, our people remain at the centre of our success. The Human Resources function is aligned with the Company's Corporate Governance framework, ensuring that all practices related to performance management, rewards, and benefits are fair, transparent, and compliant with both regulatory requirements and international best practices.

6.2 HR Performance, Rewards and Benefits Philosophy (Continued)

Performance Management

Our performance management philosophy is built on the principles of meritocracy, accountability, and continuous development. We employ a structured framework that:

- Defines clear individual and team objectives aligned with the Company's strategic priorities.
- Encourages regular feedback and performance check-ins, rather than a one-time annual review.
- Promotes a culture of fairness, equal opportunity, and recognition of both results and behaviours consistent with our values; and
- Integrates employee development plans to ensure that skills, knowledge, and leadership capabilities are continuously enhanced.

This approach not only supports organizational growth but also reinforces our governance commitment to transparency and responsibility in managing human capital.

Rewards and Benefits

Our Rewards and Benefits philosophy is designed to attract, retain, and motivate top talent while upholding principles of equity and sustainability. The framework rests on the following pillars:

- **Competitiveness:** Benchmarking against industry standards to ensure remuneration remains attractive and market aligned.
- **Fairness and Transparency:** Clear and consistent criteria for salary progression, bonus allocation, and benefits, avoiding any form of bias or undue discretion.
- **Performance-Linked Rewards:** Variable pay components directly linked to individual performance outcomes, aligning employee contribution with shareholder value creation.
- **Comprehensive Benefits:** Provision of medical insurance and retirement benefits to promote the well-being and security of our employees and their families.
- **Recognition Programmes:** Non-financial rewards, such as employee recognition schemes and career development opportunities, to reinforce positive behaviours and long-term commitment.

Governance Alignment

Stevenhills is committed to aligning its HR policies and practices with applicable labour laws, the Workers' Rights Act (2019), and ISO 27001 requirements. Going forward, these policies and practices will be subject to periodic review under the oversight of the Corporate Governance Committee, ensuring that the Company continues to uphold its responsibilities to employees, shareholders, regulators, and the community at large.

Through this structured approach to HR performance, rewards, and benefits, Stevenhills seeks to ensure that its human capital strategy not only drives business performance but also reflects the highest standards of corporate governance and ethical conduct.

Principle 6: Reporting with Integrity (Continued)

6.3 Business Integrity

Stevenhills Ltd is firmly committed to the highest standards of business integrity. The Company upholds honesty, fairness, and transparency in all aspects of its operations and expects the same from all parties with whom it conducts business.

As clearly stipulated in its Code of Ethics, SHL does not engage in bribery or the acceptance of bribes, nor does it make or permit illegal payments of any kind. All suspicious circumstances are thoroughly investigated, and serious disciplinary action is taken against any employee found to have engaged in bribery or related misconduct.

6.4 Code of Conduct and Ethics

At Stevenhills Ltd, reputation is regarded as the Company's most valuable asset. Preserving this requires conducting business with integrity, respect, and the highest standards of corporate behaviour in dealings with employees, customers, business partners, stakeholders, and shareholders.

The Company's Code of Ethics reflects SHL's core values, which underpin all its activities and form the foundation of its business practices. It serves as a comprehensive reference point for compliance requirements, providing guidance on when and how they should be applied.

The Code of Ethics ensures that these values are consistently upheld, regardless of circumstances, and enables the Company and its employees to live by SHL's business principles.

6.5 Responsibility to customers

The Company remains at the forefront of innovation, in consistently offering top quality services to their customers at very competitive prices.

6.6 Conflict of interest and related party transaction

Parties are considered to be related to SHL if they have the ability, directly or indirectly, to control the Company or exercise significant influence over the Company in making financial and operating decisions, or vice versa, or if they and SHL are subject to common control. Related party transactions are disclosed in Note 19 in the Financial Statements.

6.7 Company's policies and practices with regard to social issues

Participation in Social Programs

During the year under review, Stevenhills Ltd supported various community initiatives, focusing on vulnerable groups. Contributions included donations to an old age home, sponsorship of a community football team, funding for a breast cancer NGO, and support for an NGO assisting sick children. These initiatives reflect the Company's commitment to empathy, inclusion, and social progress.

Expectations of Local Communities and Response

Local communities expect Stevenhills to promote responsible gambling, ensure ethical marketing, reinvest in community projects, create local employment, and mitigate gambling-related harm. In response, the Company sponsored Pamplemousses FC, advanced the creation of the *Stevenhills Cares Foundation* to fund health, education, poverty alleviation, and environmental initiatives, and partnered with an NGO to provide counselling for gambling addiction, alongside dedicating a website section to responsible gambling awareness.

6.8 Sustainable Achievements, Climate Actions and CO₂ Emissions

Stevenhills is committed to sustainability by reducing paper use through digitalisation (printing reduced by 40%), sourcing from eco-friendly suppliers, engaging employees on sustainable practices, and preserving heritage through the on-going renovation and repurposing of its Victoria Square outlet, reducing construction waste and emissions.

Principle 6: Reporting with Integrity (Continued)

6.9 Political Donations

Stevenhills Ltd has no mandate to participate in party politics. However, when dealing with the government, the Company has the right and responsibility to make its position known on any matter, which affects the Company, its employees, its customers, its shareholders, or the wider community where it operates. During the year, the Company made no political donations.

Additional information on the company's performance and governance that are not included in this report are available at the company's offices on demand.

Principle 7: Audit

The current External auditors of the Company are Messrs. RSM (Mauritius) appointed in 2023.

The Audit and Risk Committee evaluates the independence and effectiveness of the external auditors on an ongoing basis before making a recommendation to the shareholders on their appointment and retention. The total duration of the audit assignment is for a period of one year with the possibility of reappointment of the selected firm annually, subject to the approval of the Annual Meeting of Shareholders of the Company. The fees payable to the auditors during the financial year ended were:

		2024	2025
		Rs.	Rs.
<i>Company</i>	<i>Services</i>	<i>Fees</i>	<i>Fees</i>
RSM (Mauritius) LLP	Audit Fees	460,000	517,500
RSM (Mauritius) Consulting Ltd	Reporting Accountant Services	-	391,000

Principle 7: Audit (Continued)

As mentioned above in Principle 5, the Company has recently decided to establish the Internal Audit function as an independent function, rather than maintaining it as an in-house process in line with the recommendation of the Code.

This Internal Audit plan will be validated by the Audit and Risk Committee, and the findings will be equally shared with them for monitoring.

Principle 8: Relations with shareholders and other key stakeholders

The Company is committed to engaging actively with its stakeholders to meet their expectations and interests in an effective and efficient manner.

Stevenhills 's engagement with key stakeholders and the way it has responded to their expectations are described in the Engagement with stakeholders' section, found on pages 15 to 17 of the Integrated Annual Report.

Principle 8: Relations with shareholders and other key stakeholders (Continued)

8.1 Annual Meeting of Shareholders

The Annual Meeting of Shareholders of SHL is held once a year to consider the annual report of the Company, to receive the auditors' report and approve the audited financial statements, to elect any new Directors, to appoint the auditors and authorise the Directors to fix their remuneration.

The Board of directors convenes and sets the Agenda of the Annual Meeting of Shareholders.

A Special Meeting of Shareholders may be called by the Board on written request of shareholders holding shares carrying together not less than 5% of the voting rights entitled to vote on an issue.

8.2 Resolution in lieu of meeting

Except for an Annual Meeting, anything that may be done by the Company in a General Meeting under the Act or its' Constitution may be done by a resolution in lieu of meeting in the manner provided for by section 117 of the Act.

Principle 8: Relations with shareholders and other key stakeholders (Continued)

8.3 List of 10 major shareholders as of 30 June 2025

Shareholders	Number of shares
WYS Holdings Ltd	68,735,250
Societe A-Z Investments	3,699,587
Seram Mgt (Mauritius) Ltd	3,699,587
Alena Holidays Ltd	2,382,109
SIPF	407,000
Pierre Henri Lescuras	280,000
Axiom Re Ltd	280,000
Genevieve Maubert	127,500
Tadebois Joint	120,000
Thijs Millenaar	120,000

8.4 Constitution

The Company's constitution conforms with the provisions of the Mauritius Companies Act 2001 and the listing rules of the Stock Exchange of Mauritius.

Its salient features are:

- There are restrictions on pre-emptive rights attached to the shares;
- The Company may acquire and own its shares;
- The Company may not issue fractions shares;
- Shareholders may cast their votes by post;
- For so long as WYS Holdings Ltd holds at least 35% of the Ordinary Shares of the Company (the "Threshold Level"), WYS Holdings Ltd shall appoint the Chairperson of the Board
- The board of directors shall consist of not less than 5 and more than 9 directors; and
- For so long as WYS Holdings Ltd holds at least 35% of the Ordinary Shares of the Company (the "Threshold Level"), WYS Holdings Ltd shall have the right to appoint 50% of the directors of the Company. In the event that the shareholding of WYS Holdings Ltd is reduced below the Threshold Level, then such appointments shall terminate with immediate effect.

WYS Holdings Ltd shall be known as the "Nominating Party" and the Directors so appointed shall be known as "Nominated Directors".

- A Director (excluding (i) a Nominated Director and (ii) the Managing Director) shall remain in office for a maximum of one (1) year; at the next Annual Meeting following the expiry of this period, such Director shall retire from office but shall be eligible for re-election or re-appointment, as the case may be.

8.5 Dividend Policy

The payment of dividends is subject to the performance of the Company, its cash flows, and its investment requirements.

Principle 8: Relations with shareholders and other key stakeholders (Continued)

8.6 Insider dealing

The directors, officers and senior management of the Company are strictly prohibited from dealing in the shares of SHL at any time when in possession of unpublished price-sensitive information, or for the period of one month prior to the publication of the Company's quarterly and yearly results and to the announcement of dividends and distributions to be paid or passed, as the case may be, and ending on the date of such publications/announcements.

Moreover, directors, officers and senior management of the Company are required to observe the insider trading laws at all times even when dealing in securities within permitted trading periods. The directors, officers and senior management of the Company have also been informed of their responsibilities in disclosing to the Company any acquisition or disposal in the Company's securities, pursuant to the Company's Securities Dealings Code, the Securities Act 2005 and the Listing Rules of the SEM.

Principle 8: Relations with shareholders and other key stakeholders (Continued)

8.7 Related party transactions

Related party transactions are disclosed in Note 19 of the financial statements.

8.9 Non-audit services

During the year, the External Auditors were engaged to provide assurance services in relation to the proposed listing of the Company on the Stock Exchange of Mauritius. The assignment was conducted in accordance with ISAE 3420 and the Listing Rules of the SEM and entailed the review of the financial information included in the Listing Particulars, culminating in the issuance of an Accountant's Report.

Fees paid to the External Auditors for this non-audit engagement amounted to Rs 215,000 +VAT.

Principle 8: Relations with shareholders and other key stakeholders (Continued)

8.10 Going concern

The directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future and for this reason has adopted the going concern basis in preparing the annual financial statements.

Executive Services Limited
Per Didier Angseensing
CORPORATE SECRETARY

Date: 26/09/2025

**Independent Auditors' Report
To the shareholders of Stevenhills Ltd****Page 34****Report on Audit of the Financial Statements****Opinion**

We have audited the financial statements of Stevenhills Ltd, (the "Company" and the "Public Interest Entity"), set out on pages 36 to 79 which comprise of the statement of financial position at 30 June 2025, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 30 June 2025, and of its financial performance and its cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board ("IASB") and comply with the Mauritius Companies Act 2001 and the Financial Reporting Act 2004.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (including International Independence Standards) (the "IESBA Code"), and we have fulfilled our ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Report on Audit of the Financial Statements (Continued)
Key Audit Matters (Continued)

Key Audit Matter	How the matter was addressed in the audit
<i>Revenue Recognition – Gambling Operations</i> The Company specializes in football betting and for the year ended 30 June 2025, the Company reported revenue of Rs. 485,197,227 (Note 22). Revenue is recognized on a net gaming win basis, representing the difference between gross stakes received and gaming tax and payouts to customers. We identified revenue recognition as a key audit matter due to the high volume of transactions, the complexity inherent in betting activities, and the significant reliance on automated IT systems to record and process transactions accurately.	The following audit procedures were performed on revenue: • We have obtained an understanding and evaluated the design and implementation of key controls over the revenue recognition process, including IT systems used to record betting transactions. • We have performed reconciliations to verify the completeness of transaction data transferred from the front-end betting systems to the general ledger. • We have selected samples of transactions from both online and retail betting platforms and verified these to supporting records, such as system-generated bet details and payment records • We have evaluated whether the Company's revenue recognition practices are in accordance with the principles of IFRS 15 – <i>Revenue from Contracts with Customers</i>. • We have reviewed the adequacy of the revenue-related disclosures in the financial statements.

Other Information

The directors are responsible for the other information. The other information comprises the Statement of Directors' Responsibilities, Corporate Governance Report, Statement of Compliance, Statutory Disclosures and Certificate of Company Secretary. The other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of the other information; we are required to report that fact. We have nothing to report in this regard.

Report on Audit of the Financial Statements (Continued)
Responsibilities of the Directors for the Financial Statements

The directors are responsible for the preparation and fair presentation of these financial statements in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board and in compliance with the requirements of the Mauritius Companies Act 2001, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Independent Auditors' Report (Continued)
To the shareholders of Stevenhills Ltd

Page 37

Report on Audit of the Financial Statements (Continued)

Auditors' Responsibilities for the audit of the Financial Statements (Continued)

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Mauritius Companies Act 2001

The Mauritius Companies Act 2001 requires that in carrying out our audit, we consider and report to you on the following matters. We confirm that:

- we have no relationship with, or any interests in, the Company other than in our capacity as auditors and dealings in the ordinary course of business;
- we have obtained all the information and explanations we have required; and
- in our opinion, proper accounting records have been kept by the Company as far as it appears from our examination of those records.

Financial Reporting Act 2004 – Corporate Governance Report

Our responsibility under the Financial Reporting Act 2004 is to report on the compliance with the Code of Corporate Governance disclosed in the annual report and assess the explanations given for non-compliance with any requirement of the Code. From our assessment of the disclosures made on corporate governance in the annual report, the Public Interest Entity has, pursuant to section 75 of the Financial Reporting Act 2004, complied with the requirements of the Code.

Use of this Report

This report is made solely to the shareholders of Stevenhills Ltd (the "Company"), as a body, in accordance with Section 205 of the Mauritius Companies Act 2001. Our audit work has been undertaken so that we might state to the Company's shareholders those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's shareholders, as a body, for our audit work, for the opinion we have formed.

1. GENERAL INFORMATION

Stevenhills Ltd (the “Company”) was incorporated as a private company in Mauritius. On 04 March 2025, the Company was converted into a public company. Subsequently, the Company was listed on the Stock Exchange of Mauritius on 16 May 2025.

The Company is licensed by the Gambling Regulatory Authority to carry out business as bookmaker conducting fixed odds betting on football matches taking place outside Mauritius. The address of its registered office is Wan Building 24, Louis Pasteur Street, Port Louis, Mauritius.

The financial statements will be submitted for consideration and approval at the forthcoming Annual Meeting of Shareholders of the Company.

1.1 Basis of preparation

The financial statements have been prepared on the assumption that the Company operates on a going concern basis, which assumes the Company will be able to discharge its liabilities as they fall due. The directors have assessed the going concern status of the Company at the reporting date and conducted that the Company has and will have adequate resources to continue in operational existence for the foreseeable future.

The financial statements of the Company have been prepared in accordance with IFRS Accounting Standards as issued by the IASB and in compliance with the Companies Act 2001 and the Financial Reporting Act 2004.

The financial statements have been prepared on the historic cost convention, unless otherwise stated in the accounting policies which follow and incorporate the material accounting policies set out below. They are presented in Mauritius Rupee (“Rs”), which is the Company's functional currency.

These material accounting policies are consistent with the previous period.

2. Application of New and Revised IFRS Accounting Standards

2.1 Standards and interpretations effective and adopted in the current year

In the current year, the Company has adopted the following new standards and amendments to existing standards that are effective for the current financial year and that are relevant to its operations:

Amendments to IAS 7 and IFRS 7: Supplier finance arrangements

The amendment applies to circumstances where supplier finance arrangements exist. These are arrangements whereby finance providers pay the suppliers of the entity, thus providing the entity with extended payment terms or the suppliers with early payment terms. The entity then pays the finance providers based on their specific terms and conditions. The amendment requires the disclosure of information about supplier finance arrangements that enable users of financial statements to assess the effects of those arrangements on the entity's liabilities and cash flows as well as on the entity's exposure to liquidity risk.

2. Application of New and Revised IFRS Accounting Standards (Continued)

2.1 Standards and interpretations effective and adopted in the current year (Continued)

Amendments to IAS 7 and IFRS 7: Supplier finance arrangements (Continued)

The effective date of the amendment is for years beginning on or after 01 January 2024. The amendment has no impact on the Company's financial statements.

Amendments to IAS 1: Non-current liabilities with covenants

The amendment applies to the classification of liabilities with loan covenants as current or non-current. If an entity has the right to defer settlement of a liability for at least twelve months after the reporting period, but subject to conditions, then the timing of the required conditions impacts whether the entity has a right to defer settlement. If the conditions must be complied with at or before the reporting date, then they affect whether the rights to defer settlement exists at reporting date. However, if the entity is only required to comply with the conditions after the reporting period, then the conditions do not affect whether the right to defer settlement exists at reporting date. If an entity classifies a liability as non-current when the conditions are only required to be met after the reporting period, then additional disclosures are required to enable the users of financial statements to understand the risk that the liabilities could become repayable within twelve months after the reporting period.

The effective date of the amendment is for years beginning on or after 01 January 2024. The amendment has no impact on the Company's financial statements.

Amendments to IFRS 16: Lease liability in a sale and leaseback

The amendment requires that a seller-lessee in a sale and leaseback transaction, shall determine 'lease payments' or 'revised lease payments' in a way that the seller-lessee would not recognise any amount of the gain or loss that relates to the right of use retained by the seller-lessee.

The effective date of the amendment is for years beginning on or after 01 January 2024. The amendment has no impact on the Company's financial statements.

2.2 Standards and interpretations not yet effective

The Company has chosen not to early adopt the following new standards and amendments, which have been published and are mandatory for the Company's accounting periods beginning on or after 01 January 2025 or later periods:

Amendments to IAS 21: Lack of exchangeability

The amendments apply to currencies which are not exchangeable. The definition of exchangeable is provided as being when an entity is able to obtain the other currency within a time frame that allows for a normal administrative delay and through a market or exchange mechanism in which an exchange transaction would create enforceable rights and obligations. The amendments require an entity to estimate the spot exchange rate at measurement date when a currency is not exchangeable into another currency. Additional disclosures are also required to enable users of financial statements to understand the impact of the non-exchangeability on financial performance, financial position and cash flow.

The effective date of the amendment is for years beginning on or after 01 January 2025. The amendment has no impact on the Company's financial statements.

2. Application of New and Revised IFRS Accounting Standards (Continued)

2.2 Standards and interpretations not yet effective (Continued)

Amendments to IFRS 9 and IFRS 7 : Classification and Measurement of Financial Instruments

The amendments clarify that a financial liability is derecognised on the ‘settlement date’ and introduce an accounting policy choice to derecognise financial liabilities settled using an electronic payment system before the settlement date.

Other clarifications include the classification of financial assets with ESG (Environmental, Social and Governance) linked features via additional guidance on the assessment of contingent features. Clarifications have been made to non-recourse loans and contractually linked instruments. Additional disclosures are introduced for financial instruments with contingent features and equity instruments classified at fair value through OCI.

The amendments are effective for annual periods starting on or after 01 January 2026. Early adoption is permitted, with an option to early adopt the amendments for contingent features only.

It is unlikely that the amendment will have a material impact on the Company’s financial statements.

Amendments to IFRS 9 and IFRS 7 : Contracts Referencing Nature-dependent Electricity

The amendments targets to help companies better report the financial effects of nature-dependent electricity contracts, which are often structured as power purchase agreements (PPAs).

Nature-dependent electricity contracts help companies to secure their electricity supply from sources such as wind and solar power. The amount of electricity generated under these contracts can vary based on uncontrollable factors such as weather conditions.

The amendments allow companies to better reflect these contracts in the financial statements and include:

- clarifying the application of the ‘own-use’ requirements;
- permitting hedge accounting if these contracts are used as hedging instruments; and
- adding new disclosure requirements to enable investors to understand the effect of these contracts on a company’s financial performance and cash flows.

These amendments are required to be applied for annual reporting periods beginning on or after 01 January 2026. It is unlikely that the amendment will have a material impact on the Company’s financial statements.

2. Application of New and Revised IFRS Accounting Standards (Continued)

2.2 Standards and interpretations not yet effective (Continued)

IFRS 18 Presentation and Disclosure in Financial Statements

IFRS 18 will replace IAS 1 Presentation of Financial Statements. The new standard introduces the following key new requirements:

- Entities are required to classify all income and expenses into five categories in the statement of profit or loss, namely the operating, investing, financing, discontinued operations and income tax categories. Entities are also required to present a newly-defined operating profit subtotal. Entities' net profit will not change.
- Management-defined performance measures (MPMs) are disclosed in a single note in the financial statements.
- Enhanced guidance is provided on how to group information in the financial statements. In addition, all entities are required to use the operating profit subtotal as the starting point for the statement of cash flows when presenting operating cash flows under the indirect method.

The standard applies for annual reporting periods beginning on or after 01 January 2027.

The Company is still in the process of assessing the impact of the new standard, particularly with respect to the structure of the Company's statement of profit or loss, the statement of cash flows and the additional disclosures required for MPMs. The Company is also assessing the impact on how information is grouped in the financial statements, including for items currently labelled as 'other'.

IFRS 19 - Subsidiaries without public Accountability: Disclosures

IFRS 19 allows for certain eligible subsidiaries of parent entities that report under IFRS Accounting Standards to apply reduced disclosure requirements. The reduced disclosure requirements balance the information needs of the users of eligible subsidiaries' financial statements with cost savings for preparers. IFRS 19 is a voluntary standard for eligible subsidiaries.

A subsidiary is eligible if:

- it does not have public accountability; and
- it has an ultimate or intermediate parent that produces consolidated financial statements available for public use that comply with IFRS Accounting Standards.

The standard applies for annual reporting periods beginning on or after 01 January 2027.

The Company does not expect this standard to have an impact on its operations or financial statements.

3. MATERIAL ACCOUNTING POLICIES

Management has considered the principles of materiality in IFRS Practice Statement 2 Making Materiality Judgements, and only those accounting policies which are considered material have been presented in these financial statements.

3.1. Plant and equipment

Property, plant and equipment are tangible assets which the Company holds for its own use or for rental to others and which are expected to be used for more than one year.

An item of property, plant and equipment is recognised as an asset when it is probable that future economic benefits associated with the item will flow to the Company, and the cost of the item can be measured reliably.

Property, plant and equipment is initially measured at cost. Cost includes all of the expenditure which is directly attributable to the acquisition or construction of the asset, including the capitalisation of borrowing costs on qualifying assets and adjustments in respect of hedge accounting, where appropriate.

Expenditure incurred subsequently for major services, additions to or replacements of parts of property, plant and equipment are capitalised if it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost can be measured reliably. Day-to-day servicing costs are included in profit or loss in the year in which they are incurred.

Depreciation of an asset commences when the asset is available for use as intended by management. Depreciation is charged to write off the asset's carrying amount over its estimated useful life to its estimated residual value, using a method that best reflects the pattern in which the asset's economic benefits are consumed by the Company. Leased assets are depreciated in a consistent manner over the shorter of their expected useful lives and the lease term. Depreciation is not charged to an asset if its estimated residual value exceeds or is equal to its carrying amount. Depreciation of an asset ceases at the earlier of the date that the asset is classified as held for sale or derecognised.

Depreciation is calculated on the straight line basis per annum as follows:

Item	Rate of depreciation
	%
Computer equipment	33.3
Furniture and fittings	10
Office equipment	10
Motor vehicles	20

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.1 Plant and equipment (Continued)

The residual value, useful life and depreciation method of each asset are reviewed at the end of each reporting year. If the expectations differ from previous estimates, the change is accounted for prospectively as a change in accounting estimate.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately.

The depreciation charge for each year is recognised in profit or loss unless it is included in the carrying amount of another asset.

Impairment tests are performed on property, plant and equipment when there is an indicator that they may be impaired. When the carrying amount of an item of property, plant and equipment is assessed to be higher than the estimated recoverable amount, an impairment loss is recognised immediately in profit or loss to bring the carrying amount in line with the recoverable amount.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its continued use or disposal. Any gain or loss arising from the derecognition of an item of property, plant and equipment, determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item, is included in profit or loss when the item is derecognised.

3.2 Intangible asset

An intangible asset is recognised when:

- it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company; and
- the cost of the asset can be measured reliably.

Intangible assets are initially recognised at cost.

Expenditure on research (or on the research phase of an internal project) is recognised as an expense when it is incurred. An intangible asset arising from development (or from the development phase of an internal project) is recognised when:

- it is technically feasible to complete the asset so that it will be available for use or sale.
- there is an intention to complete and use or sell it.
- there is an ability to use or sell it.
- it will generate probable future economic benefits.
- there are available technical, financial and other resources to complete the development and to use or sell the asset.
- the expenditure attributable to the asset during its development can be measured reliably.
- No amortisation is provided on assets under construction.

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.2 Intangible asset (Continued)

Intangible assets are carried at cost less any accumulated amortisation and any impairment losses.

An intangible asset is regarded as having an indefinite useful life when, based on all relevant factors, there is no foreseeable limit to the period over which the asset is expected to generate net cash inflows. Amortisation is not provided for these intangible assets, but they are tested for impairment annually and whenever there is an indication that the asset may be impaired. For all other intangible assets amortisation is provided on a straight line basis over their useful life.

The amortisation period and the amortisation method for intangible assets are reviewed every year-end.

Reassessing the useful life of an intangible asset with a finite useful life after it was classified as indefinite is an indicator that the asset may be impaired. As a result, the asset is tested for impairment and the remaining carrying amount is amortised over its useful life.

No amortisation is provided on assets under construction.

3.3 Financial instruments

Financial instruments held by the Company are classified in accordance with the provisions of IFRS 9, Financial Instruments. Broadly, the classification possibilities, which are adopted by the Company, as applicable, are as follows:

Financial assets which are equity instruments:

- Mandatorily at fair value through profit or loss; or
- Designated as at fair value through other comprehensive income (this designation is not available to equity instruments which are held for trading or which are contingent consideration in a business combination).

Financial assets which are debt instruments:

- Amortised cost (this category applies only when the contractual terms of the instrument give rise, on specified dates, to cash flows that are solely payments of principal and interest on principal, and where the instrument is held under a business model whose objective is met by holding the instrument to collect contractual cash flows); or
- Fair value through other comprehensive income (this category applies only when the contractual terms of the instrument give rise, on specified dates, to cash flows that are solely payments of principal and interest on principal, and where the instrument is held under a business model whose objective is achieved by both collecting contractual cash flows and selling the instruments); or
- Mandatorily at fair value through profit or loss (this classification automatically applies to all debt instruments which do not qualify as at amortised cost or at fair value through other comprehensive income); or
- Designated at fair value through profit or loss (this classification option can only be applied when it eliminates or significantly reduces an accounting mismatch)

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.3 Financial instruments (Continued)

Derivatives which are not part of a hedging relationship:

- Mandatorily at fair value through profit or loss.

Financial liabilities:

- Amortised cost; or
- Mandatorily at fair value through profit or loss (this applies to contingent consideration in a business combination or to liabilities which are held for trading); or
- Designated at fair value through profit or loss (this classification option can be applied when it eliminates or significantly reduces an accounting mismatch; the liability forms part of a group of financial instruments managed on a fair value basis; or it forms part of a contract containing an embedded derivative and the entire contract is designated as at fair value through profit or loss).

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

The specific accounting policies for the classification, recognition and measurement of each type of financial instrument held by the Company are presented as follows:

Amounts owing by related parties

Classification

Amounts owing by related parties are classified as financial assets subsequently measured at amortised cost.

Impairment of financial assets

The Company recognises a loss allowance for expected credit losses on all loans receivable measured at amortised cost. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective loans.

The Company measures the loss allowance at an amount equal to lifetime expected credit losses (lifetime ECL) when there has been a significant increase in credit risk since initial recognition. If the credit risk on a loan has not increased significantly since initial recognition, then the loss allowance for that loan is measured at 12 month expected credit losses (12 month ECL).

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a loan. In contrast, 12-months ECL represents the portion of lifetime ECL that is expected to result from default events on a loan that are possible within 12 months after the reporting date.

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.3 Financial instruments (Continued)

Impairment of financial assets (Continued)

In order to assess whether to apply lifetime ECL or 12-months ECL, in other words, whether or not there has been a significant increase in credit risk since initial recognition, the Company considers whether there has been a significant increase in the risk of a default occurring since initial recognition rather than at evidence of a loan being credit impaired at the reporting date or of an actual default occurring.

Write off policy

The Company writes off a loan when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings. Loans written off may still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

Measurement and recognition of expected credit losses

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default, taking the time value of money into consideration.

The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information as described above. The exposure at default is the gross carrying amount of the loan at the reporting date.

Lifetime ECL is measured on a collective basis in cases where evidence of significant increases in credit risk are not yet available at the individual instrument level. Loans are then grouped in such a manner that they share similar credit risk characteristics, such as nature of the loan, external credit ratings (if available), industry of counterparty etc.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

If the Company has measured the loss allowance for a financial instrument at an amount equal to lifetime ECL in the previous reporting period, but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Company measures the loss allowance at an amount equal to 12-months ECL at the current reporting date, and visa versa.

An impairment gain or loss is recognised for all loans in profit or loss with a corresponding adjustment to their carrying amount through a loss allowance account. The impairment loss is included in operating expenses in profit or loss as a movement in credit loss allowance

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.3 Financial instruments (Continued)

Trade and other receivables

Classification

Trade and other receivables, excluding, when applicable, VAT and prepayments, are classified as financial assets subsequently measured at amortised cost (note 11).

They have been classified in this manner because their contractual terms give rise, on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding, and the Company's business model is to collect the contractual cash flows on trade and other receivables.

Amounts owing to related parties

Classification

Loans from group companies, loans from shareholders and borrowings are classified as financial liabilities subsequently measured at amortised cost.

Recognition and measurement

Borrowings and loans from related parties are recognised when the Company becomes a party to the contractual provisions of the loan. The loans are measured, at initial recognition, at fair value plus transaction costs, if any.

They are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

Interest expense, calculated on the effective interest method, is included in profit or loss in finance costs (note 11).

Trade and other payables

Classification

Trade and other payables (note 14), excluding VAT and amounts received in advance, are classified as financial liabilities subsequently measured at amortised cost.

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.3 Financial instruments (Continued)

Cash and cash equivalents

Classification

Cash and cash equivalents comprise cash on hand and demand deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value. They are subsequently measured at amortised cost.

Derecognition

Financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Financial liabilities

The Company derecognises financial liabilities when, and only when, the Company obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

Other financial liabilities

Bank overdrafts and borrowings are initially and subsequently measured at amortised cost, using the effective interest method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in accordance with the Company's accounting policy for borrowing costs.

Other financial liabilities are measured initially at fair value and subsequently at amortised cost, using the effective interest method.

Offsetting

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position if, and only if:

- there is a currently enforceable legal right to offset the recognised amounts; and
- there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.4 Tax

Current tax assets and liabilities

Current tax for current and prior periods is, to the extent unpaid, recognised as a liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognised as an asset.

Current tax liabilities (assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the tax authorities, using the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities

A deferred tax liability is recognised for all taxable temporary differences, except to the extent that the deferred tax liability arises from the initial recognition of an asset or liability in a transaction which at the time of the transaction, affects neither accounting profit nor taxable profit.

A deferred tax asset is recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised. A deferred tax asset is not recognised when it arises from the initial recognition of an asset or liability in a transaction at the time of the transaction, affects neither accounting profit nor taxable profit.

A deferred tax asset is recognised for the carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Tax expense

Current and deferred taxes are recognised as income or an expense and included in profit or loss for the period, except to the extent that the tax arises from:

- a transaction or event which is recognised, in the same or a different period, to other comprehensive income; or
- a business combination.

Current tax and deferred taxes are charged or credited to other comprehensive income if the tax relates to items that are credited or charged, in the same or a different period, to other comprehensive income.

Current tax and deferred taxes are charged or credited directly to equity if the tax relates to items that are credited or charged, in the same or a different period, directly in equity.

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.4 Tax

Betting tax

Betting tax is levied on the Company's betting activities based on stakes received. The Company reports revenue net of betting tax in its statement profit or loss.

Corporate Climate Responsibility Levy (CCR)

The contribution to the CCR levy is at the rate of 2% on the chargeable income as from the period of assessment commencing 01 July 2024.

Corporate Social Responsibility (CSR)

The levy paid under the Gross Gaming Revenue (GGR) framework has been netted off against the Corporate Social Responsibility (CSR) expenditure, in accordance with applicable regulatory guidelines.

3.5 Leases

The Company assesses whether a contract is, or contains a lease, at the inception of the contract.

A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

In order to assess whether a contract is, or contains a lease, management determine whether the asset under consideration is "identified", which means that the asset is either explicitly or implicitly specified in the contract and that the supplier does not have a substantial right of substitution throughout the period of use. Once management has concluded that the contract deals with an identified asset, the right to control the use thereof is considered. To this end, control over the use of an identified asset only exists when the Company has the right to substantially all of the economic benefits from the use of the asset as well as the right to direct the use of the asset.

In circumstances where the determination of whether the contract is or contains a lease requires significant judgement, the relevant disclosures are provided in the significant judgments and sources of estimation uncertainty section (note 2.1), of these accounting policies.

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.5 Leases (Continued)

Measurement and recognition of leases as a lessee

At commencement or on modification of a contract that contains a lease component, the Company allocates consideration in the contract to each lease component on the basis of its relative standalone price. The Company recognises a right-of-use asset and a lease liability on the statement of financial position. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any incentives received).

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the useful life of the right-of-use asset or the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right of use asset reflects that the Company will exercise a purchase option. In that case, depreciation is done over the useful life of the underlying asset. The Company also assesses the right-of-use asset for impairment when such indicators exist.

At the commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Company's incremental borrowing rate which is determined using the bank lending rate of the lender's country.

Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed), variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. The lease liability is measured at amortised cost using the effective interest rate.

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.5 Leases (Continued)

Measurement and recognition of leases as a lessee (Continued)

When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit or loss if the right-of-use asset is already reduced to zero.

The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term.

On transition for leases previously accounted for as operating leases with a lease term of less than 12 months and for leases of low value, the Company accounts for the lease expense on a straight line basis over remaining lease term. For those leases previously classified as finance leases, the right of use asset and lease liabilities are measured at the date of initial application at the same amounts as under IAS 17 immediately before the date of initial application.

3.6 Impairment of financial assets

The Company assesses at each end of the reporting period whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset.

Irrespective of whether there is any indication of impairment, the Company also:

- tests intangible assets with an indefinite useful life or intangible assets not yet available for use for impairment annually by comparing its carrying amount with its recoverable amount. This impairment test is performed during the annual period and at the same time every period;
- tests goodwill acquired in a business combination for impairment annually.

If there is any indication that an asset may be impaired, the recoverable amount is estimated for the individual asset. If it is not possible to estimate the recoverable amount of the individual asset, the recoverable amount of the cash-generating unit to which the asset belongs is determined.

The recoverable amount of an asset or a cash-generating unit is the higher of its fair value less costs to sell and its value in use.

If the recoverable amount of an asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. That reduction is an impairment loss.

An impairment loss of assets carried at cost less any accumulated depreciation or amortisation is recognised immediately in profit or loss. Any impairment loss of a revalued asset is treated as a revaluation decrease.

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.6 Impairment of financial assets (Continued)

An impairment loss is recognised for cash-generating units if the recoverable amount of the unit is less than the carrying amount of the units. The impairment loss is allocated to reduce the carrying amount of the assets of the unit in the following order:

- first, to reduce the carrying amount of any goodwill allocated to the cash-generating unit; and
- then, to the other assets of the unit, pro rata on the basis of the carrying amount of each asset in the unit.

An entity assesses at each reporting date whether there is any indication that an impairment loss recognised in prior periods for assets other than goodwill may no longer exist or may have decreased. If any such indication exists, the recoverable amounts of those assets are estimated.

The increased carrying amount of an asset other than goodwill attributable to a reversal of an impairment loss does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior periods.

A reversal of an impairment loss of assets carried at cost less accumulated depreciation or amortisation other than goodwill is recognised immediately in profit or loss. Any reversal of an impairment loss of a revalued asset is treated as a revaluation increase.

3.7 Stated capital and equity

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Ordinary shares are classified as equity.

If the Company reacquires its own equity instruments, those instruments are deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments. Consideration paid or received shall be recognised directly in equity as capital reserves.

3.8 Employee benefits

Short-term employee benefits

The cost of short-term employee benefits, (those payable within 12 months after the service is rendered, such as paid vacation leave and sick leave, bonuses, and non-monetary benefits such as medical care), are recognised in the period in which the service is rendered and are not discounted.

The expected cost of compensated absences is recognised as an expense as the employees render services that increase their entitlement or, in the case of non-accumulating absences, when the absence occurs.

The expected cost of profit sharing and bonus payments is recognised as an expense when there is a legal or constructive obligation to make such payments as a result of past performance.

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.9 Provisions and contingencies

Provisions are recognised when:

- the Company has a present obligation as a result of a past event;
- it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- a reliable estimate can be made of the obligation.

The amount of a provision is the present value of the expenditure expected to be required to settle the obligation.

Where some or all of the expenditure required to settle a provision is expected to be reimbursed by another party, the reimbursement shall be recognised when, and only when, it is virtually certain that reimbursement will be received if the entity settles the obligation. The reimbursement shall be treated as a separate asset. The amount recognised for the reimbursement shall not exceed the amount of the provision.

Provisions are not recognized for future operating losses.

Contingent assets and contingent liabilities are not recognized.

3.10 Revenue

Revenue is recognised using the 5-step model as defined below:

- Identify the contract – this would be a matter of law but collection needs to be probable, has to have commercial substance, rights to goods and services and payment obligations can be identified and that both parties are committed to their obligations.
- Identify the performance obligations – where there are multiple performance obligations, an assessment is required whether these can be separately enjoyed and if so need to be recognised as such.
- Determine the transaction price – a risk of revenue reversal as well as a significant finance component need to be factored in. In our situation the high level of roll overs which result in unearned origination fees being reversed necessitates deferring such revenue. Non cash consideration is also factored in.
- Allocate the transaction price – the transaction price needs to be allocated to the performance obligations. This must be done using stand alone selling prices to the extent that they are available. In the absence of these an expected cost plus margin or market assessment approach is to be used.
- Recognise revenue when the entity satisfies a performance obligation. Indicators of this are a present obligation to pay, physical possession, legal title, risk and rewards and acceptance. If these criteria are met over time then allocation can be done using an objective allocation method based on inputs or outputs.

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.10 Revenue (Continued)

- Betting income comprises gross stakes received, net of refunds, gaming tax, and payouts to customers.
- Unclaimed winnings are recognised as current liabilities in the statement of financial position. In accordance with prevailing regulations, winnings not claimed within thirty (30) days from the settlement date become payable to the National Solidarity Fund.

Finance income is recognised, in profit or loss, using the effective interest method.

Administration fees are charged to related parties for accounting, financial, administration services and administrative operations. They are charged on a monthly basis based on existing Service Level Agreements. The performance obligation is satisfied at a point in time.

3.11 Expense recognition

Expenses are accounted on an accrual basis.

3.12 Dividend distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the financial statements in the period in which the dividends are declared.

3.13 Translation of foreign currencies

Foreign currency transactions

A foreign currency transaction is recorded, on initial recognition in Mauritius Rupee, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

At the end of the reporting period:

- foreign currency monetary items are translated using the closing rate;
- non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction; and
- non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

In circumstances where the Company receives or pays an amount in foreign currency in advance of a transaction, the transaction date for purposes of determining the exchange rate to use on initial recognition of the related asset, income or expense is the date on which the Company initially recognised the non-monetary item arising on payment or receipt of the advance consideration.

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.13 Translation of foreign currencies (Continued)

If there are multiple payments or receipts in advance, company determines a date of transaction for each payment or receipt of advance consideration.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements are recognised in profit or loss in the period in which they arise.

When a gain or loss on a non-monetary item is recognised to other comprehensive income and accumulated in equity, any exchange component of that gain or loss is recognised to other comprehensive income and accumulated in equity. When a gain or loss on a non-monetary item is recognised in profit or loss, any exchange component of that gain or loss is recognised in profit or loss.

Cash flows arising from transactions in a foreign currency are recorded in Mauritius Rupee by applying to the foreign currency amount the exchange rate between the Mauritius Rupee and the foreign currency at the date of the cash flow.

3.14 Retirement benefit

Defined contributions plans

A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. The Company has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

Defined benefit plan

A defined benefit plan is a pension plan that is not a defined contribution plan. Typically defined benefit plans define an amount of pension benefit that an employee will receive on retirement, usually dependent on one or more factors such as age, years of service and compensation.

The liability recognised in the statement of financial position in respect of defined benefit pension plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit period.

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.14 Retirement benefit (Continued)

Defined benefit plan (Continued)

Remeasurement of the net defined benefit liability, which comprise of actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), is recognised immediately in other comprehensive income in the period in which they occur. Remeasurements recognised in other comprehensive income shall not be reclassified to profit or loss in subsequent period.

The Company determines the net interest expense/(income) on the net defined benefit liability/(asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the net defined benefit liability/(asset), taking into account any changes in the net defined liability/(asset) during the period as a result of contributions and benefit payments. Net interest expense/(income) is recognised in profit or loss.

Service costs comprising of current service costs, past service costs, as well as gains and losses on curtailments and settlements are recognised immediately in profit or loss.

State plan

Contributions to the Contribution Social Generalisee are expensed to profit or loss in the period in which they fall due.

Gratuity on retirement

For employees who are not covered (or who are insufficiently covered by the above pension plans), the net present value of the gratuity on retirement payable under the Workers Rights Act 2019 is calculated by a (qualified) actuary and provided for. The obligations arising under this item are not funded.

4.2 Financial risk factors

The Company's activities are exposed to a variety of financial risks: market risks (including currency risk, interest rate risk and price risk), credit risk and liquidity risk

The Board has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board has established the risk committee, which is responsible for developing and monitoring the Company's risk management policies

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risks management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

4. FINANCIAL RISK MANAGEMENT (CONTINUED)

4.2 Financial risk factors (Continued)

(a) Market risk

Currency risk

The Company is exposed to foreign exchange risk arising from currency exposures primarily with respect to the USD and EURO.

The currency profile of the Company's financial instruments is as follows:

	Assets		Liabilities	
	2025	2024	2025	2024
	Rs	Rs	Rs	Rs
MUR	221,118,140	125,258,965	17,851,140	21,956,928
EUR	6,631,788	4,648,097	-	-
USD	13,833,416	158,161	-	-
	<u>251,583,344</u>	<u>130,065,223</u>	<u>17,851,140</u>	<u>21,956,928</u>

If the rupee had weakened/ strengthened against the following currencies with all variables remaining constant, the impact on the results for the year would have been as follows:

	USD impact (±5%)		EUR impact (±5%)	
	2025	2024	2025	2024
	Rs	Rs	Rs	Rs
Profit or loss	<u>691,671</u>	<u>7,908</u>	<u>331,589</u>	<u>232,405</u>

Interest rate risk

The Company is not exposed to commodity interest rate risk.

Price risk

The Company is not exposed to commodity price risk.

4. FINANCIAL RISK MANAGEMENT (CONTINUED)**4.1 Financial risk factors- (Continued)****(b) Credit risk**

Credit risk arises from cash and cash equivalents. For cash and cash equivalents, the Company manages credit risk by banking with reputable institutions.

(c) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivery of cash or another financial asset.

Ultimate responsibility for liquidity risk management rests with the directors. The Company manages liquidity risks by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The table below analyses the Company's financial liabilities based on the remaining period at the end of the reporting year to the contractual maturity date.

	Less than 1 year Rs	Between 1 and 5 years Rs	Later than 5 years Rs	Total Rs
2025				
Lease liabilities	1,283,789	113,142	-	1,391,931
Trade and other payables	17,851,140	-	-	17,851,140
	<u>19,134,929</u>	<u>113,142</u>	<u>-</u>	<u>19,243,071</u>
2024				
Lease liabilities	1,955,557	1,396,930	-	3,352,487
Trade and other payables	21,956,928	-	-	21,956,928
	<u>23,912,485</u>	<u>1,396,930</u>	<u>-</u>	<u>25,309,415</u>

4.2 Capital risk management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and to maintain an optimal capital structure.

The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, or sell assets to reduce debt.

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continuously evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

5.1 Critical accounting estimates and assumptions

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(a) Pension benefits

The present value of the pension obligations depend on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) for pensions include the discount rate. Any changes in these assumptions will impact the carrying amount of the pension obligations.

The Company determines the appropriate discount rate at the end of each year. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the pension obligations. In determining the appropriate discount rate, the Company considers the interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating the terms of the related pension liability.

(b) Useful life and residual value of property, plant and equipment

Determining the carrying amounts of property, plant and equipment requires the estimation of the useful lives and residual values of these assets which carry a degree of uncertainty. The directors have used historical information relating to the relevant industry in which the Company operates in order to best determine the useful lives and residual values of property, plant and equipment.

(c) Depreciation policies

Property, plant and equipment are depreciated to their residual values over their estimated useful lives. The residual value of an asset is the estimated net amount that the Company would currently obtain from the disposal of the asset, if the asset were already of the age and in condition expected at the end of its useful life.

The directors therefore make estimates based on the relevant industry experience and use best judgement to assess the useful lives of assets and to forecast the expected residual values of the assets at the end of their expected useful lives.

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONTINUED)**5.1 Critical accounting estimates and assumptions (Continued)***(d) Lease term policies*

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

For leases of building, if any leasehold improvements are expected to have a significant remaining value, the Company is typically reasonably certain to extend.

The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and this is within the control of the lessee.

The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and this is within the control of the lessee.

(e) Going concern

The Company's management has made an assessment of the Company's ability to continue as a going concern and is satisfied that the Company has the resources to continue in business for the foreseeable future.

Future finance charges on finance leases	(37,940)	(171,109)
	<u>1,396,931</u>	<u>3,352,487</u>

The Company does not face a significant liquidity risk with regards to its lease liabilities.

8A. LEASE LIABILITIES (CONTINUED)**(a) Nature of leasing activities (in the capacity as lessee)**

The Company leases commercial buildings around the island for its outlets to operate. Lease of building comprises only fixed payments over the lease terms.

(b) Extension and termination options

Extension and termination options are included in the lease contracts. These are used to maximise operational flexibility in terms of managing the assets used in the Company's operations. The majority of extension and termination options held are exercisable by both the Company and the lessor.

(c) Extension and termination options

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

The lease term is reassessed if an option is actually exercised (or not exercised) or the Company becomes obliged to exercise (or not exercise) it. The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and that is within the control of the lessee. During the current financial year, there has been no significant changes in the circumstances which affects the assessment of reasonable certainty.

9. INTANGIBLE ASSET

During the year 2025, the Company is in the process of implementing a new enterprise software system aimed at enhancing operational efficiency and integration across departments. And the total amount incurred towards the software implementation project is Rs 4,038,548.

10. DEFERRED TAX ASSET

Deferred income tax is calculated on all temporary differences under the liability method at 17% (2024: 17%).

- (a) There is a legally enforceable right to offset current tax assets against current tax liabilities and deferred income tax assets and liabilities when the deferred income taxes relate to the fiscal authority on the same entity. The following amounts are shown in the statement of financial position.

	2025 Rs	2024 Rs
Deferred tax asset	3,218,131	3,112,799
Deferred tax liability	(1,570,108)	(1,095,352)
	<u>1,648,023</u>	<u>2,017,447</u>

- (b) The movement on the deferred income tax account is as follows:

	2025 Rs	2024 Rs
At start,	2,017,447	1,656,257
Profit or loss charge (note 15(b))	(36,725)	254,579
Other Comprehensive Income (note 15(b))	(332,699)	106,611
At end,	<u>1,648,023</u>	<u>2,017,447</u>

The movement in deferred tax assets and liabilities during the year, without taking into consideration the offsetting of balances within the same fiscal authority on the same entity, is as follows:

	Retirement benefit obligations Rs.	Plant & Equipment Rs.	Total Rs.
At July 1, 2023	2,981,683	(1,325,426)	1,656,257
Charged to profit or loss	24,505	230,074	254,579
Charged to other comprehensive income	106,611	-	106,611
At June 30, 2024	<u>3,112,799</u>	<u>(1,095,352)</u>	<u>2,017,447</u>
Charged to profit or loss	438,031	(474,756)	(36,725)
Other comprehensive income	(332,699)	-	(332,699)
At June 30, 2025	<u>3,218,131</u>	<u>(1,570,108)</u>	<u>1,648,023</u>

11. TRADE AND OTHER RECEIVABLES

	2025 Rs	2024 Rs
Amount receivable from related parties (Note 11(i))	544,500	514,500
Prepayments and other receivables (Note 11(ii))	8,185,873	5,692,329
	<u>8,730,373</u>	<u>6,206,829</u>

(i) AMOUNT RECEIVABLE FROM RELATED PARTIES

	2025 Rs	2024 Rs
Societe Wan	510,000	510,000
Kirawa Ltd	34,500	4,500

- (a) These transactions were conducted at arm's length
- (b) These amounts relate from transactions within the usual operating activities of the Company.
- (c) The receivable balance is denominated in Mauritian Rupees (Rs.) and approximate its fair value.

(ii) PREPAYMENTS AND OTHER RECEIVABLES

	2025 Rs	2024 Rs
Prepayments of licenses	2,164,583	2,130,002
Other receivables	6,021,290	3,562,327
	<u>8,185,873</u>	<u>5,692,329</u>

- (a) Other receivables comprise of a deposit of Rs 1.5m in an escrow account jointly managed by JK Gujadhur SA and SS Murday in respect of legal case which Sports Data Feed Ltd has lodged against Stevenhills Ltd.

12. SHARE CAPITAL

	2025 Rs	2024 Rs
<u>Issued and fully paid share capital:</u>		
Ordinary shares	<u>1,500,000</u>	<u>1,500,000</u>

There was a share split approved on the 20th of January 2025, whereby each of the Company's 15,000 issued ordinary shares was split into 5,391 shares, increasing the total issued share capital to 80,865,000 ordinary shares, without altering the overall value of the share capital

Rights of the ordinary shares

- (i) the right to vote on a poll for every share held at a meeting of the Company on any resolution;
- (ii) the right to an equal share in dividends authorised by the Board; and
- (iii) the right to an equal share in the distribution of the surplus assets of the Company.

13. RETIREMENT BENEFIT OBLIGATIONS

Post-retirement benefits comprise of mainly gratuity on retirement payable under Workers' Rights Act 2019 and other benefits.

The most recent actuarial valuation of the plan assets and the present value were carried out at June 30, 2025 by MUA Pension Ltd. The present value and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

The main actuarial assumptions used for accounting purposes are as follows:

	2025	2024
Discount rate	5.61%	4.95%
Future long-term salary increase	5%	5%
 Pension expense components for the year ended 30 June	 2025 Rs	 2024 Rs
Current service cost	1,646,485	1,720,412
Net interest cost	930,168	994,668
Past service cost	-	(2,570,935)
Net periodic pension cost per IAS 19	<u>2,576,653</u>	<u>144,145</u>

13. RETIREMENT BENEFIT OBLIGATIONS (CONTINUED)

Movement in the liability recognised in the statement of financial position

	2025 Rs	2024 Rs
As previously reported	18,310,586	17,539,317
Actuarial (loss)/ gain – other comprehensive income	(1,957,054)	627,124
At 30 June	<u>16,353,532</u>	<u>18,166,441</u>
Change in defined benefit obligation		
Present value of obligation at start of year	18,810,216	18,134,588
Current service cost	1,646,485	1,720,412
Interest cost	930,168	994,668
Benefits paid	(45,788)	(95,641)
Present value of defined benefit obligation at end of year	<u>21,341,081</u>	<u>20,754,027</u>
Analysis of amounts recognised in other comprehensive income		
Experience gain/(loss) on the liabilities	1,957,054	(627,124)
Changes in assumptions underlying the present value of the scheme	-	-
Actuarial gain/(loss) recognised in OCI	<u>1,957,054</u>	<u>(627,124)</u>

Sensitivity analysis on defined benefits obligations at end of the reporting date:

June 30,2025	Increase	Decrease
Discount rate - 1% movement	17,628,966	21,528,064
June 30,2025	Increase	Decrease
Salary increase assumption - 1% movement	21,471,132	17,653,585

An increase/decrease of 1% in other principal actuarial assumptions would not have a material impact on defined benefit obligations at the end of the reporting period.

13. RETIREMENT BENEFIT OBLIGATIONS (CONTINUED)

The sensitivity above has been determined based on a method that extrapolates the impact on net defined benefit obligations as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The sensitivity analysis may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated.

The defined benefit pension plan exposes the Company to actuarial risks, such as longevity risks, currency risk, interest rate risk and market risk.

Interest risk: The present value of the defined benefit plan liability is calculated using a discount rate based on the yield of long-term government bonds. An increase or decrease in the discount rate of 1 basis point will have a significant impact on the liabilities as can be seen in the sensitivity section of the results.

Market risk: (Investment) risk: Market risk is the risk that the value of an investment will decrease due to movement in the market. The residual liability depends on the pension fund value at retirement. A lower investment return will adversely affect the fund value which in turn will increase the plan's liability.

Longevity risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants after their retirement. An increase in the life expectancy of the plan participants will increase the plan's liability.

14. TRADE AND OTHER PAYABLES

	2025	2024
	Rs	Rs
Trade payables	8,618,319	3,015,909
Client account @ outlets	1,992,050	7,818,052
Other payables	7,240,771	11,122,967
	<u>17,851,140</u>	<u>21,956,928</u>

- (a) The carrying amount of trade and other payables are denominated in Mauritian rupees (Rs.).
 (b) The carrying amount of trade and other payables approximate their fair value.

15. INCOME TAX EXPENSE

(a) Current tax liabilities

	2025 Rs	2024 Rs
Balance at start,	2,028,532	(1,406,826)
Tax charge for previous year paid	(2,028,532)	-
Current tax paid under APS	(26,185,073)	(16,127,592)
Previous year tax paid under APS	-	(3,381,331)
Tax refund	-	5,079,789
Charge for the year	40,151,955	18,156,124
CSR contribution payable to MRA	5,353,594	-
Corporate climate responsibility	1,329,378	(291,632)
Balance at end,	<u>20,649,854</u>	<u>2,028,532</u>

(b) Charge for the year

	2025 Rs	2024 Rs
Profit before tax		
Current tax on the adjusted profit for the year at 15% (2024: 15%)	40,151,955	16,020,110
Corporate Climate Responsibility Levy	5,353,594	2,136,014
CSR contribution payable to MRA	1,329,377	-
Deferred tax movement (note 7)	36,725	(254,579)
Tax charge for the year	<u>46,871,651</u>	<u>17,901,545</u>
CSR Adjustment to prior year	-	(291,632)
	<u>46,871,651</u>	<u>17,609,913</u>

(c) The tax on the Company's profit before tax differs from the theoretical amount that would arise using the basic tax rate of the company as follows:

	2025 Rs	2024 Rs
Profit before tax	244,704,898	114,174,345
Tax calculated at 15% (2024: 15%)	36,705,735	17,126,152
Expenses not deductible for tax purposes	4,609,321	257,775
Less income not deductible for tax	(1,163,101)	-
Tax losses brought forward	-	(1,363,817)
	<u>40,151,955</u>	<u>16,020,110</u>

16. NOTES TO THE CASH FLOW STATEMENT

	2025	2024
	Rs	Rs
Cash generated from operations		
Profit before tax	244,704,898	114,174,345
Adjustments for:		
- Depreciation of plant and equipment (note 5)	4,020,963	5,420,210
- Amortisation of right-of-use assets (note 5A)	1,884,702	2,573,515
- Loss on sale of assets	(2,000)	1,940,083
- Interest expense	133,169	234,624
- Increase/ (decrease) in retirement benefit obligation	2,576,653	144,145
<u>Changes in working capital:</u>		
- Movement in trade and other receivables	(2,523,544)	1,365,448
- Inventory	2,088,507	(4,505,925)
- Movement in trade and other payables	(4,105,788)	13,321,919
Cash generated from operations	<u>248,777,560</u>	<u>134,668,364</u>

17. CASH AND CASH EQUIVALENTS

	2025	2024
	Rs	Rs
Cash in hand and at bank	223,253,473	113,877,141
Cash in Float	10,000,000	10,000,000
	<u>233,253,473</u>	<u>123,877,141</u>

- (a) While cash and cash equivalents are also subject to the impairment requirements of IFRS 9, the identified impairment loss was immaterial.
- (b) The Company has a Money Guarantee amounting to Rs.1,200,000 which is kept as a guarantee to the Gambling Regulatory Authority.

18. EARNINGS PER SHARE

	2025	2024
Profit attributable to equity holders (Rs)	197,833,247	96,564,432
Number of ordinary shares in issue	80,865,000	15,000
Earnings per shares in issue (Rs)	2.45	6,438

There was a share split approved on the 20th of January 2025, whereby each of the Company's 15,000 issued ordinary shares was split into 5,391 shares, increasing the total issued share capital to 80,865,000 ordinary shares, without altering the overall value of the share capital

STEVENHILLS LTD

NOTES TO THE FINANCIAL STATEMENTS – YEAR ENDED JUNE 30, 2025

78

19. RELATED PARTY TRANSACTIONS

2025	Nature of relationships	2025 Rs	2025 Rs
Societe Wan	Enterprise with common shareholders	3,573,269	Amounts owed by related parties

Depreciation and amortisation	5,905,667	7,993,722
Rent	8,448,203	11,589,104
Licence	4,698,582	4,293,199
Betting levy	9,651,093	8,549,823
	<u>241,059,444</u>	<u>210,275,879</u>

26. CONTINGENT LIABILITIES

At June 30, 2025, the Company had contingent liabilities in respect of bank and other guarantees and other matters arising in the ordinary course of business from which it is anticipated that no material liabilities would arise.

The following legal claim involves the Company:

Stevenhills Ltd V. Sports Data Feed Ltd (Reference:SC/COM/PWS/00910/2019)

The matter has been deferred pending the outcome of an appeal lodged by Sports Data Feed before the Judicial Committee of the Privy Council, which is expected to determine issues similar to those raised in this case. Accordingly, no provision for liability has been recognised in these financial statements, other than an amount of MUR 1,500,000 placed in an escrow account and recorded under receivables.

27. EVENT AFTER REPORTING DATE

Subsequent to the reporting period, the Board of Directors proposed a dividend of Rs 0.62 per share (totaling Rs 50,136,000) in respect of the financial year ended 30 June 2025.

There were no other material events after the reporting date which require disclosure or adjustment to the financial statements for the year ended 30 June 2025
